

## SIMPLE & AFFORDABLE

AdOhio has compiled newspapers into a convenient and easy-to-use network program, saving advertisers time and money. With a single call or email, your message can be placed into local media outlets all across the state or country!

### HOW IT WORKS

The display network consists of newspapers with a **total combined readership of more than 2 million**. All the newspapers participating in the network agree to publish all network ads once during the desired week. The newspapers are prohibited from placing the ad in the back of the classified section.

You place a single order and make just one payment. No other display ad buy is easier or more efficient.
